TEST EXIT REPORT

1. Objective

To summarize testing activities and quality status.

2. Scope Covered

- PLP, PDP
- Auctions
- Checkout & Payment
- Order Management

3. Test Execution Summary

- Total Test Cases: 250
- Executed: 240
- Passed: 220
- Failed: 20

4. Defect Summary

- Critical: 2
- High: 5
- Medium: 12
- Low: 8

5. Key Observations

- Payment flow stability
- Auction timing validation
- Checkout reliability

6. Risks & Limitations

- Dependency on third-party systems
- Limited test data scenarios

Detailed test coverage is maintained through requirement traceability and internal QA tools.

7. Conclusion

The application is stable for release with acceptable risk levels.
